

Sobriety With Food Workshop

What is sobriety with food?
Sober eating may help us surrender
and to access a power greater than ourselves that can
restore us to sanity both with our food and with our
lives. We invite you to join us for the **Sobriety With
Food Workshop.**

This is a format that members of the L.A. County
Intergroup presented at various O.A. functions. Each
of these presentations were very well attended and
were well received. Don't miss this exciting
workshop! Find the answers to eating with sobriety!
